Lisa A. Hiday Partner

Lisa earned her Ph.D. from Purdue University, where she specialized in orbital mechanics, specifically the optimization of transfer trajectories in the elliptic, restricted, three-body problem. Prior to joining the firm in 1995, she taught aircraft and spacecraft design as a visiting assistant professor at Purdue University, School of Aeronautical & Astronautical Engineering. Additionally, while at Purdue University, she implemented outreach efforts as a part of NASA's Indiana Space Grant Consortium. As a law student at Indiana University, Lisa was awarded the Scribe Award for her legal research and writing, and her senior paper on trademarks won the American Intellectual Property Law Association's Robert C. Watson Award. Lisa is a registered patent attorney wherein her practice focuses on patent, trademark, and copyright infringement matters, as well as appellate practice. Lisa has over fifteen years of experience representing clients' interests in litigation. View more online »

Blake R. Hartz Associate

Blake's practice focuses on intellectual property litigation. He also supports the firm's patent prosecution practice and assists in the procurement and management of trademark portfolios. Prior to joining the firm, Blake worked as an applied research mathematician for the federal government, developing systems to analyze complex data. As an undergraduate, Blake studied a wide range of subjects in mathematics, computer science, engineering, geology, and music. While in law school, Blake was an editor of both the Indiana Law Journal and IP Theory and worked as a research assistant on a variety of intellectual property topics. View more online »
