

Copyrights

At **Woodard Emhardt,** we have historical experience in registering and enforcing copyrights both domestically and abroad. Our dedicated staff is trained on electronically filing copyright applications and depositing works with the United States Copyright Office. In addition, we have an international network of foreign associates who can help us register your works abroad.

We have experience in handling a wide range of copyright issues including negotiating contracts on behalf of authors, software licensing, and the like. We are experienced in dealing with publishing companies, and we know how to handle visual artist rights. We can put together a team of attorneys to help enforce your copyrights.
